

Why Coronet?

Window companies
tend to all sound and look alike.

But upon closer inspection,
Coronet has some clear advantages.

■ UNRIVALED RESPONSE

Some manufacturers who ship into the Heartland, are quite proud of their one week delivery. But what if you just missed their cut-off day? Or received a defective window? A few offer three-day "rush" deliveries... but at a healthy price penalty.

At Coronet, our lead time for the products we manufacture is five working days from the date we receive your order. Period. Forgot one? No problem. We'll shepherd your window right through our shop. Rush charge? Zero. Broken glass? Torn screen? In by 9:00 AM, ready by 4:00 PM ... unless you're in a hurry.

How can we do this? Commitment.

It's about the customer.

■ SUPERIOR PRODUCT

Our TrustGard Collection is an elegant, rugged, high-end design with a standard structural rating of H-R35, optionable to H-R60. But there's more.

We incorporate the warmest insulated glass sealant system ... Truseal Duralite. Glass from Cardinal, the cutting-edge technology leader. And, we continuously evaluate new components in our unrelenting pursuit of product excellence.

That's how we maintain TrustGard's superiority.

■ FOREVER WARRANTY

Some manufacturers offer a limited lifetime warranty. A few even allow the homeowner to transfer the warranty to a second homeowner.

At Coronet, our warranty is forever. It can be passed from owner to owner for as long as the house stands. This is the kind of assurance that can only be offered by a company selling superior products.

Coronet.
