

Homestead Uno Collection

Single hung perfection! Combines superior strength and energy efficiency.

The versatile, high-performance Uno Collection is the ultimate in single hung replacement window design. With a 3¼" frame, H-R35 structural rating, the elegant Uno fits virtually any design need: single hung, slider, end vent slider, picture window.

STANDARD FEATURES

- A Fusion welded 3¼" frame has multiple chambers for enhanced strength and energy efficiency
- B Elegant soft bevel on frame exterior affords ¾" surface for blind stop
- C True sloped sill design on single hung provides positive water shedding
- D Constant force (coil) balance system for smooth, trouble-free sash operation
- E Insulated glass unit with optimal ½" air gap for maximum energy savings and year-round comfort
- F Truseal Duralite™ glass sealant provides unsurpassed warmth at periphery of insulated glass unit
- G Fusion welded sash has reinforced meeting rails for exceptional strength and durability
- H A sleek, contoured sash lock, together with streamlined, low-profile tilt latches, replaces "meeting rail clutter" with understated elegance
- I Integral interlock and double weather stripping for extra draft protection
- J Bottom sash tilts inward for easy cleaning
- K The above standard features yield an exceptional structural rating of H-R35 (per AAMA 1 01-97)

AVAILABLE OPTIONS

- L Numerous glass options available including low E (low emissivity), bronze or grey tint, obscure, tempered, and Low E tempered
- M Glass clad laminate for superior impact resistance
- N Argon gas for enhanced thermal insulation
- O Several grid options, including diamond and prairie style
- P Oriel construction to meet architectural design needs
- Q Integral nailing fin and J-channel
- R Foam wrap applied to periphery of frame for enhanced weatherization
- S Aluminum screen to provide maximum protection against insect damage
- T Double sash locks (standard over 36")
- U Dual, deluxe, pop out vent stops
- V Zero degree mullion for easy multi-window installation
- W Beige windows with coordinating screen frame
- X Limitless variety of exterior colors
- Y Ultimate structural rating of H-R60 (per AAMA 101-97)
